

## ***PROPHECY to HARVEST CHRISTIAN CHURCH***

***By JIM STEVENS – OCTOBER 4, 1992***

There will start to grow a house that shall not only be built out of prayer and out of praise and out of power, but it shall be built as a demonstration of My kingdom and the solidness of My kingdom. For the Lord says all manner of things are going to slip and slide away, but the Lord says, My kingdom is here to stay. And it shall rule and reign in the midst of an upside down world, in the midst of turmoil, in the midst of all kinds of harassments. My kingdom shall rule and it shall reign, says the Lord. And the Lord says not only are these three P's going to be very prevalent within the midst of you, but My Presence is going to bind these three things together and it shall be a habitation for the power and the anointing of God.

And what you thought you had in the days past in the faith, the Lord says this night I increase your faith. I turn up the heat on your faith. And I am going to try you and test you, and I am going to make you the people that are called by My Name in this area of the country, says God. And I am going to allow the pressures to come against you so that you might prove that I am the God that reigns over all circumstances.

And the Lord says you need not worry – you're not going to be destroyed; you're not going to fall apart, for I have given you the power, the praise, and the prayer to go together to work on your behalf. And God says every way the enemy comes against you, if you raise up this standard and bind together and pull together, you will see the strongholds come down. For God says it's going to arise within this area and, when everything else seems to slip and slide away, people will come to you because they know the presence of the Lord Almighty dwells in the power and He dwells in your praise and He dwells in your prayers.

And the Lord says I am going to do a fresh thing with this church. And it's not only going to be an establishment for many churches to link together, but it will be a demonstration of My praise and My purpose when all other things seem to be shaken. And the Lord says right now there are already groups in this city that have a good view, but the Lord says their hearts are going to start being revealed. There's going to start to be character flaws being revealed and men's hearts are going to start to fail. And the Lord says out of the midst of the rubbish, and out of the midst of shambles, the Lord says I am raising up people that are strong in praise, power, and in prayer, and My house shall be called a house of prayer. And God says don't be shaken when you see these things start to take place for the Lord says I have established you and I am going to do a fresh thing, a new thing.

And the Lord says even out of the music in this house there's going to start to come a demonstration and a presence of My Being within the house. And the Lord says I have put key musicians and key instruments and key-people in right places so that they can present a habitation for Me to dwell in. And the Lord says I am going to do a fresh thing even in this. And the Lord says there will come times that there will come visitations to this house during times of prayer and during times of worship. And the Lord says there will be times when the congregation will find themselves laying on their faces and they will be afraid to look up for the Presence of God will be in your midst.

And the Lord says I am going to do fresh things with you to make you strong and to make you durable says God, for the things are going to try you and test you and My people will be durable and they'll come back. And the Lord says these are going to be great days for you because you will see the power and the manifestation of My Presence. And you have cried out to Me and said to Me, Lord, try me, test me, send me here, send me there. And God says to you He is now answering your prayers. And God says you will be a people after My heart, a people that are full of My power, a people that are full of My prayers, and a people that are full of My praise, says God.
